

OUR REFERENCES:

CHEOPS satellite

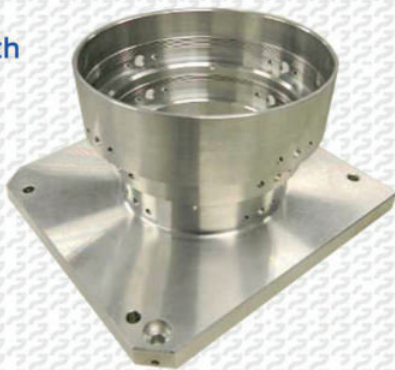

- ✓ CNC milling and turning
- ✓ EDM wire cutting
- ✓ Laser cutting
- ✓ Laser engraving
- ✓ Grinding
- ✓ Coating
- ✓ Bending
- ✓ Welding by certified welder
- ✓ Certified penetrarion and visual test
- ✓ 3D coordinate measurement

SPACE INDUSTRY:

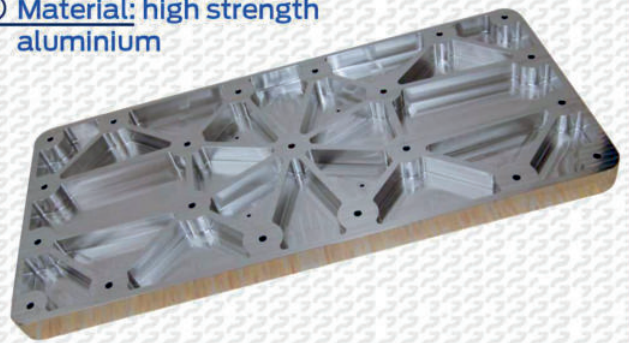

House for the lens system of a satellite camera

- ✓ Material:
high strength
aluminium

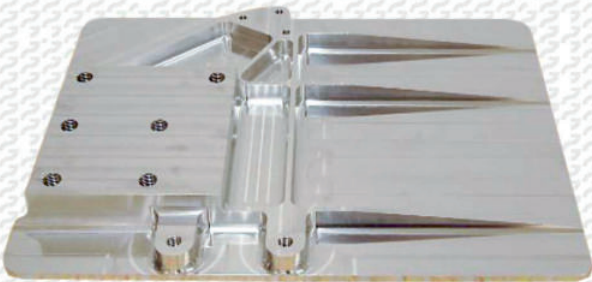

Vibration adapter

- ✓ Material: high strength
aluminium

Radiator

- ✓ Material: high strength aluminium

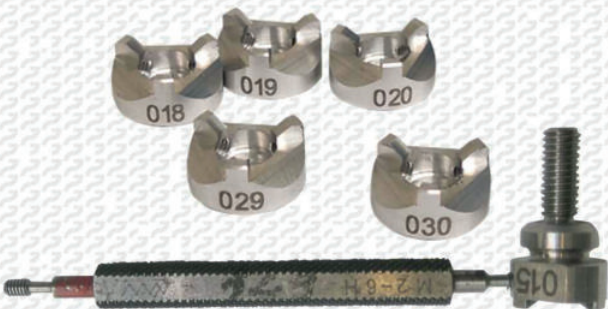

Strut

- ✓ Material: Titan

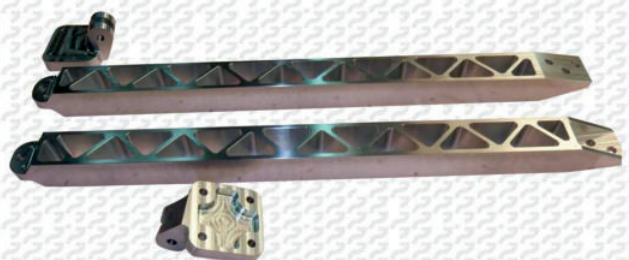

Measuring adapters

- ✓ Material: high strength aluminium, Invar 36

Strut

- ✓ Material: high strength aluminium

ENERGY INDUSTRY:

Plugs for gas turbines

✓ Material: Hastelloy-X

Security unit for wind turbines

✓ Material: carbon steel

✓ Surface treatment:
hot dip galvanizing

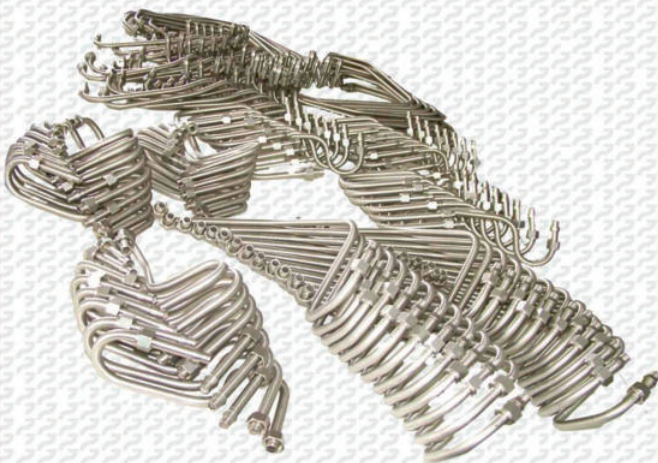

Spare parts for nuclear power industry

✓ Material: stainless steel

Tubes assembled with Swagelok fittings for gas turbines

✓ Material: stainless steel

Plates for gas turbines

✓ Material:
Inconel 625

AUTOMOTIVE INDUSTRY, AEROSPACE INDUSTRY:

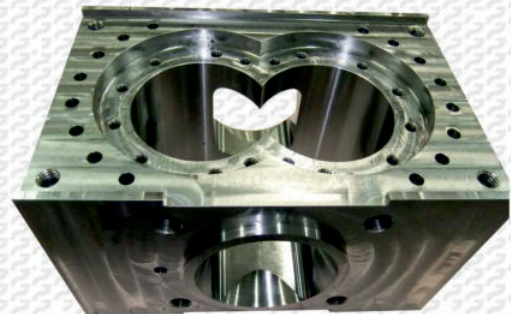

Cooling set

✓ Material: stainless steel and copper

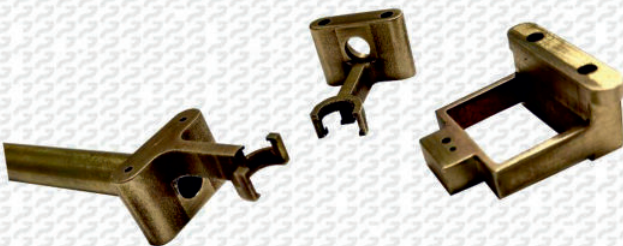

Gear box house

✓ Material: carbon steel

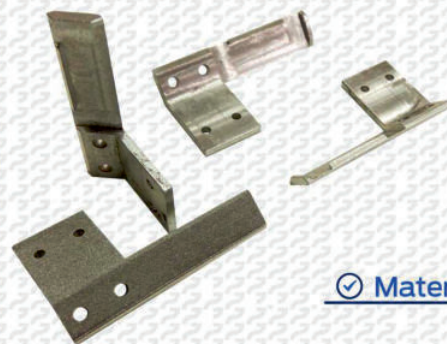

Jig

✓ Material: brass

Holder

✓ Material: aluminium

Aeroplane turbine parts

✓ Material: carbon steel

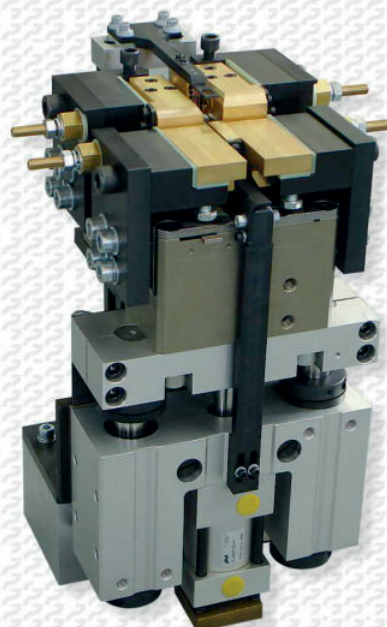

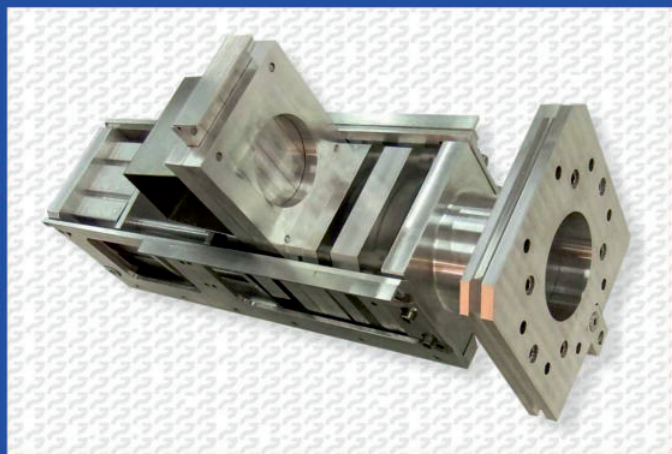

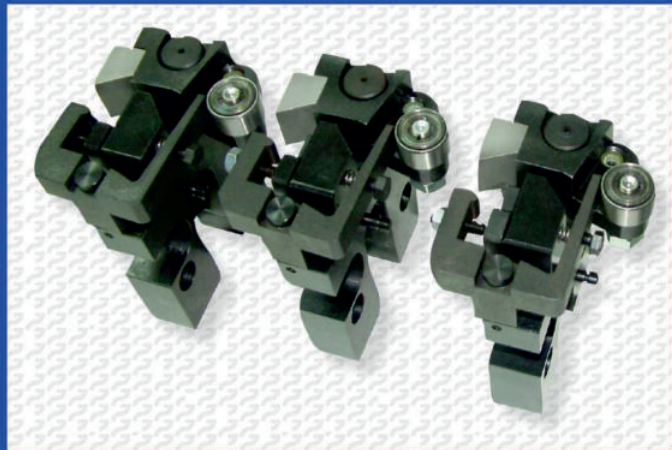

Arm

✓ Material: stainless steel and diamond

REFERENCES OF ASSEMBLED UNITS:

Based on the documentation received, we undertake the production and assembly of units.
